Department Head: Michael J. Broadway • mbroadwa@nmu.edu

#### Geography at NMU

The Geography Department offers a variety of programs in human geography, earth science, physical geography, geographic information science, planning, environmental conservation, and education, along with a certificate program in geographic information systems (GIS). The department is committed to excellence in teaching and preparing students for graduate study, professional careers in teaching, governmental service, and the private sector.

Since geography is an integrative discipline, students, whether interested in its human or physical aspects, must have a basic understanding of the scope of the discipline and its methodologies. This is reflected in the department's core curriculum, which all geography students are required to take. It consists of courses in human and physical geography, three methods classes and a capstone course that integrates the human and physical aspects of the discipline by focusing on the interactions between humankind and the natural environment.

Geography majors have the opportunity to gain practical work experience through internships with local governmental agencies and the private sector.

#### **Student Organizations**

- · Gamma Theta Upsilon Honor Society
- Student Michigan Education Association
- · Superior Geography Club
- · Rock and Mineral Club

#### **Department Facility**

• GIS and Remote Sensing Lab

#### **Department/Program Policies**

As a requirement for graduation, all non-teaching geography department majors must have a minimum grade of "C" and a minimum cumulative grade point average of 2.25 for all courses constituting the major curriculum. Students majoring in secondary education earth science, secondary education geography, or minoring in geography education or earth science education must maintain a grade point average of 2.70 or greater with no

grade below a "C" in the professional education sequence, the major and/or minors and required cognates combined.

Students majoring in programs in the department must also do the following:

- 1. Successfully complete EN 211 before taking 300-level courses or above in the major.
- Complete AIS 101 if required during the freshman year or within the first year of transferring to a major in the department.
- Satisfy the prerequisites for each major course enrolled in as described in this bulletin.

**Note:** Petition for exception to any of the program policies must be made in writing and submitted to the Geography Department. The petition must include reasons why an exception should be made and provide documentation of those reasons, if applicable.

# **BACHELOR DEGREE PROGRAMS**

Liberal Studies: Complete information on the liberal studies requirements and additional graduation requirements, including the health promotion requirement, is in the "Liberal Studies Program and Graduation Requirements" section of this bulletin.

Courses within each major that can be used to satisfy liberal studies requirements are listed with the Roman numeral (in brackets) that coincides with the liberal studies division the course falls under.

#### Earth Science Major

Minor

This major provides students with a thorough knowledge of Earth's physical environment including its geology, weather and climate, astronomical relationships and hydrology.

Total Credits Required for Degree	124
Liberal Studies Health Promotion	30-40 2
Required Courses in Major	44
AS 103 Observational and Solar System Astronomy [III]	4
GC 205 Introduction to Geographic Research	4
GC 225 Introduction to Maps	2
GC 235 Quantitative Methods	4
GC 255 Physical Geology [III]	4
GC 260 Minerals and Rocks	4
GC 365 Historical Geology	4
GC 385 Weather and Climate	4
GC 390 Oceanography	2
GC 489 Human Impact on the Environment	4
GC 335 Geographic Information Systems or	4
GC 425 Remote Sensing	
GC 202 Soils or	4
GC 370 Geomorphology (4 cr.) or	
GC 465 Hydrology (4 cr.)	
Other Required Courses	19
AIS 101 Introduction to Information Resources	1
MA 104 College Algebra with Applications [III] (or higher)	4
PH 201 College Physics I [III] (or higher)	5
Biology Elective	4
(BI 111 Introductory Biology: Principles [III] recommended)	
Chemistry Elective	5
(CH 111 General Chemistry 1 [III] recommended)	

#### **Environmental Conservation Major**

This major provides students with an introduction to quantitative and qualitative methods of assessing and analyzing humankind's impact upon the environment.

Total Credits Required for Degree	124	
Liberal Studies	30-40	
Health Promotion	2	
Required Courses in Major	38	
GC 100 Physical Geography [III]	4	
ENV 101 Introduction to Environmental Science [III]	4	
GC 205 Introduction to Geographic Research	4	
GC 225 Introduction to Maps	2	
GC 235 Quantitative Methods	4	
GC 320 Environmental Policy and Regulation	4	
GC 335 Geographic Information Systems	4	
GC 475 Environmental Impact Assessment	4	
GC 489 Human Impact Upon the Environment	4	
GC 202 Soils or	4	
GC 255 Physical Geology (4 cr.) [III] or		
GC 370 Geomorphology (4 cr.) or		
GC 401 Biogeography (4 cr.) or		
GC 465 Hydrology (4 cr.) or		
GC 470 Environmental Ethics (4 cr.)		
Other Required Courses	5	
AIS 101 Introduction to Information Resources	1	
CIS 110 Principles of Computer Information Systems [V]	4	
Minor	20	

#### **Geographic Information Science Major**

This major provides students with knowledge and skills related to information technology, spatial data management, analysis and visualization.

Total Credits Required for Degree	124	
Liberal Studies Health Promotion	30-40 2	
Required Courses in Major	34	
CIS 155 Software Development with Databases	4	
GC 100 Physical Geography [III]	4	
GC 205 Introduction to Geographic Research	4	
GC 225 Introduction to Maps	2	
GC 235 Quantitative Methods	4	
GC 335 Geographic Information Systems	4	
GC 337 Computer Cartography	4	
GC 425 Remote Sensing	4	
GC 428 Spatial Analysis	4

## Secondary Education Earth Science Major

Teaching certification is obtained by completing a major in earth science, a teaching minor and the professional education sequence. Advising for this major is provided by Dr. Mitchell D. Klett in the School of Education.

Total Credits Required for Degree	
Liberal Studies	30-40
Health Promotion	2
Required Courses in Major	36
AS 103 Observational and Solar System Astronomy [III]	4
GC 225 Introduction to Maps	2
GC 255 Physical Geology [III]	4
GC 260 Minerals and Rocks	4
GC 365 Historical Geology	4
GC 385 Weather and Climate	4
GC 390 Oceanography	2
GC 465 Hydrology	4
Choose from the following:	8
GC 202 Soils (4 cr.)	
GC 370 Geomorphology (4 cr.)	
GC 425 Remote Sensing (4 cr.)	
Teaching Minor, minimum	20-22
Choose from biology education, chemistry education or physics education.	
Other Required Courses	16-17
MA 103 Finite Mathematics [III]	4
MA 271 Calculus with Applications	4

Choose two courses from the following that are not in the selected minor area.	8-9
BI 100 Biological Science (4 cr.) [III]	
BI 111 Introductory Biology: Principles (4 cr.) [III]	
BI 112 Introductory Biology: Diversity (4 cr.) [III]	
CH 105 Chemical Principles (4 cr.) [III]	
PH 201 College Physics I (5 cr.) [III]	
Professional Education	37
ED 201 Introduction to Education	2
ED 231 Teaching and Learning in the Secondary Classroom	4
ED 301 Dimensions of American Education	2
ED 319 Teaching of Reading for Secondary Teachers	3
ED 349 Teaching for Diversity, Equity and Social Justice	
in the Secondary School Community	2
ED 361 Special Education and the General Classroom Teacher	2
ED 430 Teaching in the Secondary School	11
ED 450 Seminar in Teaching	1
ED 483 Educational Media and Technology	2
MSED 340 Fundamental Concepts in Science	4
MSED 350 Methods and Materials in Teaching Science Education	4

## **Secondary Education Geography Major**
